Interlaken internet options

Jon Hagen - 10/20/2020 6:30pm, Town Council meeting

Interlaken internet options

- Strawberry to invest ~\$15,000 in infrastructure at the pump house
- Infrastructure
 - Erect tower, not to exceed height of current wireless antenna on structure
 - Wire tower, install radios, 5GHz and CBRS, backup batteries inside structure
 - Backhaul link 1: 1GB to Downtown Heber
 - Backhaul link 2: 1GB to Charleston **pending owner approval*
 - 2GB capacity at pump house, redundant and 99.999% reliability

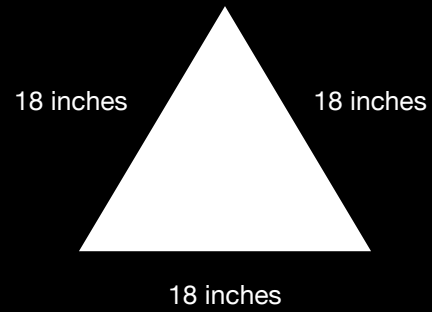

Interlaken internet options

- What do we need from the town?
 - Easement agreement
 - 24x7 access to pump house for maintenance and emergency repair
 - If pump house access isn't an option, we'll install a box on the outside.

What will it look like?

What will it look like?

Height above roof
not to exceed 5 feet

What our current towers look like

What our current towers look like

Interlaken internet options

- Pump house is the only location that has line-of-sight to 85% of houses

Cost benefit

- No capital expense to Interlaken
- No ongoing expense to Interlaken
- No contract/term with Interlaken
- Strawberry will provide free internet to the pump house for water management purposes

What will we provide?

- Download/Upload

Renee Burkley	Beth Ann & Paul Schneider
Lynn Chadderdon	Amelia Wilcox
Judy & Warren Klautt	Lara Wilson
Doreen McLaughlin	

Block Captains:

Renee Burkley – Matterhorn/Upper St. Moritz

Lynn Chadderdon – Lower St. Moritz and Jungfrau Hill to the Y at Bern Way

Schneiders – Interlaken from Luzern/ South end of Bern Way

Lara Wilson – Lower Interlaken to Luzern/ Luzern

Marge Bowen/Sue O’Nan – Bern Way from Interlaken Ext to Y/ Jungfrau from Y
Eiger Point

It was agreed that texting would be the fastest and easiest way to communicate with each other. General notifications to the community will be shared through the Town Clerk or Interlaken’s Face Book page.

Issues Discussed:

- Non Residents parking on roads to access trail – placing flyers on vehicles explaining this area is private property, not a trail head, or placing signs in key areas of town.
- Update directory
- Motion Lights for dangerous areas
- Having 2nd homeowners or those on vacation notify block captain for additional surveillance.
- Signs warning bike riders entering from Matterhorn of speed bumps
- More communication from TC concerning meter installations, road repairs, or any activity that would require persons parking on/in residential driveways.

The next meeting will be held on November 4th with Sheriff Jared Rigby and Deputy Sheriff Probst attending.

Selected General Fund Expense Categories FY2021 - as of Oct 14, 2020
